

Build a Rain Barrel Workshop

Tuesday, April 30, 2024
6:00pm – 8:00pm

Participants will build their own rain barrel and learn how to install it at home. The barrel holds about 50 gallons of water which can be used to water your yard and gardens. Rain barrels can help save you money on your water bill, prevent basement flooding, and reduce flooding in local rivers and streams.

Steve Yergeau, County Agent II/Associate Professor
Rutgers Cooperative Extension of Ocean & Atlantic Counties

In-person WORKSHOP
